Medical Practice

Office: [1530 S. Olive St, Los Angeles CA 90015](#)

CA Medical License: [G156585](#)

Current Positions

Physician, Eisner Health, Los Angeles, California, 2018–

Professor Emeritus, Department of Economics, Massachusetts Institute of Technology, 2020–

Prior Employment

Professor (1998–2020), Associate Professor (1980–1998), Assistant Professor (1976–1980),
Department of Economics, Massachusetts Institute of Technology

Physician, Providence Community Health Centers, Providence, RI, 2006–2008, 2012–2018

Physician, Blackstone Valley Community Health Care, Pawtucket, RI, 2008–2012

Physician, Internal Medicine Associates, Massachusetts General Hospital, 1977–2006

Professor (1998–2008), Associate Professor (1980–1998), Assistant Professor (1976–1980),
Harvard University–M.I.T. Division of Health Sciences and Technology

Education and Training

Ph.D. in Economics, 1975, University of Pennsylvania

M.D., 1974, University of Pennsylvania

A.B. (summa cum laude), 1969, Harvard University

Resident & Clinical Fellow, Medical Services, Massachusetts General Hospital, 1974–1977

Publications, Appearances, Presentations, Testimony

COVID-19

Harris JE. Mobility was a Significant Determinant of Reported COVID-19 Incidence During the Omicron Surge in the Most Populous U.S. Counties. *BMC Infectious Diseases* 2022; 22:691, August 15, 2022 [[peer-reviewed](#)]

Harris JE. Timely Epidemic Monitoring in the Presence of Reporting Delays: Anticipating the COVID-19 Surge in New York City, September 2020. *BMC Public Health* 2022; 22:871, May 2, 2022 [[peer-reviewed](#)]

Harris JE. Judicial Folly: The Mask Mandate as Wordplay. *Milken Institute Review*, April 30, 2022 [[op-ed](#)]

Part of a continuing series of op-ed pieces critiquing U.S. federal court decisions on public policy toward COVID-19.

 COVID-19 (Continued)

Harris JE. In Mask Mandate Case, Judge Ruled on Wordplay, not Public Health. *STAT News*, April 22, 2022 [[op-ed](#)]

Chen K, Wilson-Barthes M, Harris JE, Galárraga O. Incentivizing COVID-19 Vaccination among Racial/Ethnic Minority Adults in the United States: \$209 per Dose Could Convince the Hesitant. *Health Economics Review* 2023; in press. [[peer-reviewed](#)]

Harris JE. Geospatial Analysis of a COVID-19 Outbreak at the University of Wisconsin – Madison: Potential Role of a Cluster of Local Bars. *Epidemiology & Infection* 2022; 150, April 5, 2022 [[peer-reviewed](#)]

Tracking device movements from college residence halls to local establishments implicated a network of local bars, rather than any single bar, as a potential super-spreader of SARS-CoV-2 infection.

Harris JE. Concentric Regulatory Zones Failed to Halt Surging COVID-19: Brooklyn 2020. *Frontiers of Public Health* 2022; Accepted Nov 11 [[peer-reviewed](#)]

Why a novel regulatory scheme introduced by then Governor Cuomo failed to curb an outbreak of COVID-19 in South Brooklyn in the fall of 2020.

Harris JE. The Repeated Setbacks of HIV Vaccine Development Laid the Groundwork for SARS-CoV-2 Vaccines. *Health Policy and Technology* 2022; 100619, March 21, 2022 [[peer-reviewed](#)]

Widely cited article, initially posted as an [NBER working paper](#), elucidating how the repeated failures of phase 2 and 3 clinical trials of HIV vaccine candidates paved the way for current COVID-19 vaccines.

Harris JE. Por aquí en el corazón de Los Ángeles – Tuits por @jeffEconomist. *Life Under Quarantine*, February 2, 2022 [[blog post](#)]. See also *Life Under Quarantine*, 2020–2022 [[blog](#)]

Harris JE. Estimated Fraction of Incidental COVID Hospitalizations in a Cohort of 250 High-Volume Hospitals Located in 164 Counties. *MedRxiv* 2022.01.22.22269700, updated September 3, 2022 [[preprint under review](#)]

Gostin LO, Harris JE, Reiss DR. The Supreme Court Must Uphold Biden’s Vaccine Mandates – and Fast. *Washington Post*, December 29, 2021 [[op-ed](#)]

Harris JE. Critical Role of the Subways in the Initial Spread of SARS-CoV-2 in New York City. *Frontiers of Public Health* 2021; 9, December 23, 2021 [[peer reviewed](#)]

Initially issued as a provocative [NBER working paper \(cited by 199\)](#), the final published, peer-reviewed version assembles multiple strands of compelling evidence.

Harris JE. The Fifth Circuit Court Got the Science Wrong on Vaccine Mandates. *STAT News*, December 2, 2021 [[op-ed](#)]

Harris JE. COVID-19 Incidence and Hospitalization During the Delta Surge were Inversely related to Vaccination Coverage Among the Most Populous U.S. Counties. *Health Policy and Technology* 2021; 100583, November 30, 2021 [[peer reviewed](#)]

Repeatedly cited as the first large-scale, population-based confirmation that mRNA-based vaccines against SARS-CoV-2 reduced both disease severity and mortality from COVID-19.

Harris JE. Vaccines Remain the Way Out: They Prevent Severe Disease. *City Journal*, August 24, 2021 [[op-ed](#)]

COVID-19 (Continued)

Mulligan K, Harris JE. More Employers Should Mandate COVID-19 Vaccines for Workers — for the Health of Their Business. *Market Watch*, July 21, 2021 [[op-ed](#)]

Mulligan K, Harris JE. COVID-19 Vaccination Mandates for School and Work Are Sound Public Policy. *USC Schaeffer Center for Health Policy & Economics*, July 7, 2021 [[peer-reviewed white paper](#)]

Harris JE. Success through failure: HIV Research's role in COVID-19 vaccine development. *Brattle Group*, June 30, 2021 [[presentation](#)]

Harris JE. De cómo los fracasos con la vacuna para HIV prepararon los éxitos de la del COVID-19. *Universidad de Costa Rica*, June 30, 2021 [[presentation](#)]

Harris JE, Gounder C, Akpan N. The future of mRNA vaccines. *WNYC*, June 23, 2021 [[appearance](#)]

Harris JE. Los Angeles County SARS-CoV-2 Epidemic: Critical Role of Multi-generational Intra-household Transmission. *Journal of Bioeconomics* 2021; 23:55-83, March 5, 2021 [[peer reviewed](#)]

Initially imported by travelers into Los Angeles county's affluent communities, the virus propagated radially toward those neighborhoods with high concentrations of multigenerational families.

Harris JE, Brodine WJ. Low-Income Californians and Their Community Health Centers Need Telephone Health Care Parity to Beat COVID-19 and Maintain Health Equity. *Written Testimony for the California State Assembly Committee on Health*, February 16, 2021 [[testimony](#)]

Harris JE. Community Health Centers Can Help Stamp Out COVID-19. *STAT News*, February 3, 2021 [[op-ed](#)]

Pomar L, Contier A, Harris JE, Favre G, Nielsen-Saines K, Baud D. Potential Consequences of Sars-Cov-2 Pandemic on Birth Rates and Subsequent Demographics. *Investigations in Gynecology Research & Womens Health* 2020; 3(5) IGRWH. 000574, December 2, 2020 [[peer-reviewed opinion](#)].

González López-Valcárcel B, Harris JE. El futuro de los sistemas nacionales de salud después del impacto de la COVID 19. *Séptimo diálogo del ciclo Un mundo en combustión. Fundació Ernest Lluch*, November 26, 2020 [[presentation](#)]

Harris JE. Los primeros días de la epidemia de COVID-19 en la ciudad de Nueva York: Fusión de los datos de epidemiología, virología, y movilidad social. *Escola de Salut Pública de Menorca, Llazaret de Maó*, September 23, 2020 [[presentation](#)]

Harris JE. Data From the COVID-19 Epidemic in Florida Suggest That Younger Cohorts Have Been Transmitting Their Infections to Less Socially Mobile Older Adults. *Review of Economics of the Household* 2020; 18:1019-1037, August 22, 2020 [[peer reviewed](#)]

Application of a novel, multi-compartmental version of the classic SIR epidemic model demonstrates that socially mobile younger people brought their infections back home to their less mobile parents and grandparents.

Harris JE. COVID-19 Case Mortality Rates Continue to Decline in Florida. *MedRxiv* 2020.08.03.20167338, posted August 4, 2020 [[preprint](#)]

 COVID-19 (Continued)

Harris JE. COVID-19, Bar Crowding, and the Wisconsin Supreme Court: A Non-linear Tale of Two Counties. *Research in International Business and Finance* 2020; 101310, July 25, 2020 [[peer reviewed](#)]

The Wisconsin Supreme Court's May 2020 decision to nullify a statewide Stay at Home order triggered a motley collection of uncoordinated local measures that ultimately opened the door to a debacle.

Harris JE. Reapertura del COVID-19: Qué deberíamos vigilar? *Universidad de Montevideo, Ciclos de Seminarios de Economía*, June 11, 2020 [[presentation](#)]

Harris JE, Werning I, Pathak P, Rose N. Economic Impact of COVID-19: MIT Panel Discussion. *MIT Department of Economics*, June 9, 2020 [[presentation](#)]

Harris JE. Reopening Under COVID-19: What to Watch For. *NBER Working Paper* 27166, posted May 12, 2020 [[preprint](#)]

Harris JE. The Coronavirus Epidemic Curve is Already Flattening in New York City. *NBER Working Paper* 26917, updated April 1, 2020 [[preprint](#)]

Harris JE. What Spread Coronavirus in New York City? The Subways. *Commentary*, May 13, 2020 [[op-ed](#)]

Harris JE. Why the Subways are a Prime Suspect: Scientific Evidence That NYC Public Transit Spread the Coronavirus. *New York Daily News*, April 19, 2020 [[op-ed](#)]

Harris JE. 3 Questions: Jeffrey Harris on the evolution of health care during the Covid-19 pandemic. *MIT News*, April 8, 2020 [[opinion](#)]

Harris JE. Nuevos casos de coronavirus fuera de China: ¿Sabemos la magnitud del impacto? Entrevista con Xavier Serbiá. *CNN Español*, February 21, 2020 [[appearance](#)]

 Smoking and Health

Harris JE, Gerstenblüth M, Triunfo P. Tabaquismo: ¿Políticas públicas basadas en evidencia? *La Diaria*, September 9, 2022 [[opinion](#)]

Gerstenblüth M, Harris JE, Triunfo P. Addiction and Rational Choice: Evidence from an Eye Tracking Experiment with Cigarette Packages. Revised April 19, 2022. Earlier version at *NBER Working Paper* 24974 [[preprint under review](#)]

Confronted with repugnant, threatening images, heavier smokers were better able to suppress aversive stimuli and negative emotions that would otherwise interfere with short-term rational decision-making.

Harris JE, Ares G, Gerstenblüth M, Machin L, Triunfo P. Impact of plain packaging of cigarettes on the risk perception of Uruguayan smokers: an experimental study. *Tobacco Control* 2018; 27: 513–518 [[peer reviewed](#)]

Harris JE, Gerstenblüth M, Triunfo P. The cigarette smoker as two-self economic man. *VOX CEPR Policy Portal*, October 28, 2018 [[op-ed](#)]

 Smoking and Health (Continued)

Nazzari C, Harris JE. Lower incidence of myocardial infarction after smoke-free legislation enforcement in Chile. *Bulletin of the World Health Organization* 2017; 95: 674-682 [[peer reviewed](#)]

We used regression discontinuity techniques to demonstrate that Chile's smoke-free legislation was associated with an abrupt drop in heart attacks but not degenerative disc disease or colon cancer.

Triunfo P, Harris JE, Balsa AI. Evaluación de la campaña antitabaco de Uruguay: balance de 10 años y desafíos. *Pan American Journal of Public Health* 2016; 40(4): 256–6 [[peer reviewed](#)]

Harris JE, Balsa AI, Triunfo P. Tobacco control campaign in Uruguay: Impact on smoking cessation during pregnancy and birth weight. *Journal of Health Economics* 2015; 42:186-196. [[peer reviewed](#)]

Non-price policies, including regulation of cigarette packaging and marketing as well as provider-level interventions to treat nicotine dependence, had the largest impact on smoking cessation during pregnancy.

Harris JE. Balance de 10 Años y Desafíos. *Jornada sobre los 10 años de la firma del Convenio Marco de la OMS para el Control de Tabaco*. Montevideo UY, November 24, 2015 [presentation]

Harris JE. Tobacco Control Policy in the Developing World: Lessons from Uruguay. *Social Policy Lab: A Systemic Approach*. Cambridge MA. May 15, 2015 [presentation]

Harris JE. Tabaquismo: impacto y coste-efectividad de las intervenciones. *III Foro Enfermedad Vasculosa Aterosclerótica*. Las Palmas de Gran Canaria. October 15, 2014 [presentation]

Harris JE. How to Make People Quit Smoking. *New Freakonomics Podcast*. April 3, 2014 [appearance]

Harris JE. Campaña anti-tabaco en Uruguay: Impacto en la decisión de dejar de fumar durante el embarazo y en el peso al nacer. *Seminario de Microeconomía Aplicada*, Instituto de Economía, Pontificia Universidad Católica de Chile, March 26, 2014 [presentation]

Harris JE. Resultados de la Política de Combate contra el Tabaco: Estudios de Caso. *Taller de Cooperación Sur-Sur*. Torre Ejecutiva. Montevideo, Uruguay, August 14, 2013 [presentation]

Harris JE. Podcast interview with Roberto Darrigrandi and Eduardo Martínez, *Radio Agricultura, El Faro Empresarial*, Santiago, Chile, July 11, 2013 [appearance]

Harris JE. Evaluación del impacto de la campaña anti-tabaco en Uruguay: Implicancias para la nueva ley anti-tabaco en Chile. *Conferencia, Escuela de Salud Pública*, Universidad de Chile, Santiago, Chile, July 9, 2013 [presentation]

Harris JE. Conferencia "Impacto de la ley anti-tabaco en Uruguay y sus implicancias para Chile", *Salud en la Semana, Escuela de Salud Pública*, July 9, 2013 [presentation]

Harris JE. The Science of Tobacco Control. Governance of Tobacco in the 21st Century: Strengthening National and International Policy for Global Health and Development. Cambridge, Massachusetts, February 26, 2013 [presentation]

Smoking and Health (Continued)

Abascal W, Esteves E, Goja B, González Mora F, Lorenzo A, Sica A, Triunfo P, Harris JE. Tobacco control campaign in Uruguay: a population-based trend analysis. *Lancet* 2012; 380(9853):1575–82, September 14, 2012 [[peer reviewed](#)]

Key paper in *Lancet* that put Uruguay on the map as the pioneer among low-to-middle-income countries with effective, comprehensive anti-smoking campaigns. JEH was corresponding author and principal drafter of the manuscript.

Harris JE. Impacto de la Campaña Anti-Tabaco en Uruguay: Un Análisis de Tendencias a Nivel Nacional. *V Congreso de Economía de la Salud de América Latina y el Caribe*, Montevideo, Uruguay, November 16, 2012 [presentation]

Harris JE. La contribución del estudio de tabaco a la disciplina de economía de la salud. *Complejo Hospitalario Universitario de Canarias*, Tenerife, January 27, 2012 [presentation]

Harris JE. La contribución del estudio de tabaco a la disciplina de economía. *Universidad de Las Palmas de Gran Canaria*, Las Palmas, January 19, 2012 [presentation]

Harris JE. La Campaña Contra el Tabaquismo: Parte II ¿Qué es la base científica? Fondo Nacional de Recursos, Montevideo, Uruguay, December 9, 2011 [presentation]

Harris JE. La Campaña Contra el Tabaquismo: Parte I ¿Como se evalúa el impacto? *Fondo Nacional de Recursos*, Montevideo, Uruguay, November 30, 2011 [presentation]

Harris JE. La contribución del estudio de tabaco a la disciplina de la economía de la salud. *Fondo Nacional de Recursos*, Montevideo, Uruguay, November 28, 2011 [presentation]

First of a series of presentations to policymakers in the Uruguayan government on a trip sponsored by a Fulbright Specialist Award.

Harris JE, López-Valcárcel BG. Asymmetric Social Interaction in Economics: Cigarette Smoking among Young People in the United States, 1992 – 1999. *Journal of Health Economics* 2008; 27: 249-264 (published online 3-Dec-2007) [[peer reviewed](#)]

Harris JE. Análisis econométrico de tabaquismo entre los alumnos de escuelas secundarias en México, 2005. University of Las Palmas de Gran Canaria, Department of Quantitative Methods for Economics and Management, Gran Canaria, Spain, January 23, 2007 [presentation]

Harris JE. Las interacciones sociales asimétricas: El caso de los adolescentes que fuman. *Centro de Investigación en Sistemas de Salud, Instituto Nacional de Salud Pública*, Cuernavaca, México, January 26, 2006 [presentation]

Harris JE. El rol de los impuestos en la estrategia de control del tabaquismo: Experiencia en países en vías de desarrollo. *Centro de Investigación en Sistemas de Salud, Instituto Nacional de Salud Pública*, Cuernavaca, México, January 25, 2006 [presentation]

Harris JE. Los interacciones sociales asimétricos: El caso de los adolescentes que fuman. *Faculty of Economic Sciences, University Francisco Marroquin*, Guatemala City, Guatemala, August 12, 2005 [presentation]

 Smoking and Health (Continued)

Harris JE. Expert Testimony. United States v. Philip Morris et al., U.S. Federal District Court, District of Columbia. Direct Testimony October 14-21, 2004 [[trial testimony](#)]

Expert testimony on behalf of the U.S. Department of Justice in its RICO case against the major tobacco manufacturers. [Written direct testimony submitted Oct. 4.](#)

Harris JE. Incomplete Compensation Does Not Imply Reduced Harm: Yields of 40 Smoke Toxicants per Milligram Nicotine in Regular Filter versus Low Tar Cigarettes in the 1999 Massachusetts Benchmark Study, *Nicotine and Tobacco Research* 2004 (October); 6(5): 797-807 [[peer reviewed](#)]

Harris JE, Thun MJ, Mondul AM, Calle EE. Cigarette Tar Yields in Relation to Mortality from Lung Cancer in the Cancer Prevention Study II Prospective Cohort, 1982–8, *British Medical Journal* 2004 (Jan. 10); 328: 72–76 [[peer reviewed](#)]

Key paper reporting that increased lung cancer risk was similar in smokers of medium tar, low tar, and very low tar cigarettes, while smoking high-tar non-filtered cigarettes posed an even higher risk compared to not smoking.

Harris JE. Smoke Yields of Tobacco-Specific Nitrosamines in Relation to FTC Tar Level and Cigarette Manufacturer: Analysis of the Massachusetts Benchmark Study, *Public Health Reports* 2001 (July-Aug); 116: 336-343 [[peer reviewed](#)]

Biener L, Harris JE, Hamilton W. Impact of the Massachusetts Tobacco Control Programme: Population Based Trend Analysis. *British Medical Journal* 2000 (August 5); 321: 351–354 [[peer reviewed](#)]

Culmination of a series of peer-reviewed papers documenting the success of the Massachusetts Tobacco Control Program in reducing the percentage of adult cigarette smokers and per capita smoking rates.

Harris JE, Chan SW. The Continuum of Addiction: Cigarette Smoking in Relation to Price Among Americans Aged 15–29, *Health Economics Letters* 1998; 2:3–12. Reprinted in *Health Economics*, 1999; 8: 81–86 [[peer reviewed](#)]

Harris JE. *Testimony Before the Massachusetts Public Health Council on the Effectiveness of the Massachusetts Tobacco Control Program*, Boston, November 16, 1999 [invited testimony]

Connolly GN, Harris JE. Evaluating Antismoking Advertising Campaigns (letter), *Journal of the American Medical Association* 1998; 280: 964-5, September 16, 1998 [letter]

Harris JE. *Draft Status Report on the Massachusetts Tobacco Control Campaign, With a Preliminary Calculation of the Impact of the Campaign on Total Health Care Spending in Massachusetts*, October 11, 1999 [commissioned report]

Harris JE. *Effect of a Proposed Amendment to Section 405 of the National Tobacco Policy and Youth Smoking Act (S.1415MGR.3, Managers' Amended Version) to Make Tobacco Manufacturers' Payments Non-Tax-Deductible*. Prepared at the Request of the Staff of Sen. Edward M. Kennedy, June 6, 1998 [commissioned report]

Harris JE. *The Price of Cigarettes and the Profits of Cigarette Manufacturers, 1997–2006*. Report to the American Cancer Society, May 11, 1998 [commissioned report]

Harris JE. *Prepared Statement Before the Senate Democratic Task Force on Tobacco, Sen. Kent Conrad (D-ND), Chairman*. Washington DC, May 13, 1998 [invited testimony]

Smoking and Health (Continued)

Harris JE. *Economic Analysis of Proposed Legislation*, Prepared at the request of the Staff of Sen. Kent Conrad, January 31, 1998 [commissioned report]

Harris JE. *Written Testimony Before the Subcommittee on Courts and Intellectual Property, Committee of the Judiciary, U.S. House of Representatives*. Oversight Hearing on Attorneys' Fees and the Proposed Global Tobacco Settlement. Washington, DC, December 10, 1997 [[invited testimony](#)]

Harris JE. *Prepared Statement Before the Senate Democratic Task Force on Tobacco, Sen. Kent Conrad (D-ND), Chairman*. Washington DC, October 21, 1997 [[invited testimony](#)]

Harris JE. *Cigarette Smoking Practices, Smoking-Related Diseases, and the Costs of Tobacco-Related Disability Among Currently Living U.S. Veterans*. Report Commissioned by the Department of Veterans Affairs Assistant Secretary for Policy and Planning, Revised September 15, 1997 [commissioned report]

Harris JE. Written Testimony Before the Senate Committee on Agriculture, Nutrition, and Forestry Hearings on the Tobacco Settlement and the Future of the Tobacco Industry, Washington DC, September 11, 1997 [[invited testimony](#)]

Harris JE. Written Testimony Before the Senate Judiciary Committee Hearings on the “Proposed Global Tobacco Settlement: Who Benefits.” Washington, DC, July 30, 1997 [[invited testimony](#)]

First in a series of appearances before multiple congressional committees to give invited testimony on proposed nationwide tobacco settlement legislation during July 1997 through June 1998.

Harris JE. Prepared Remarks at the American Cancer Society's Press Conference on the Proposed Tobacco Industry-Wide Resolution, Washington DC, July 24, 1997 [appearance]

Harris JE. Comments on: “Proposed Resolution: For Settlement Discussion Purposes Only. 6/20/97, 3:00 p.m. DRAFT.” 68pp. Commissioned by the American Cancer Society, June 26, 1997 [commissioned report]

Harris JE. *Testimony Before the Mass. Dept. of Public Health Concerning Proposed Regulations to Implement Massachusetts General Laws chapt. 94, section 307A (Cigarette Ingredient Disclosure)*, Boston, January 30, 1997 [invited testimony]

Harris JE. U.S. Cigarette Manufacturers' Ability to Pay Damages: Overview and a Rough Calculation, *Tobacco Control*, 1996; 5: 292-294 [[peer reviewed](#)]

Harris JE. Connolly GN, Brooks D, et al. Cigarette Smoking Before and After an Excise Tax Increase and AntiSmoking Campaign – Massachusetts, 1990–1996, *Morbidity and Mortality Weekly Report* 1996; 45: 966–70 [[peer reviewed](#)]

Harris JE. Cigarette Smoke Components and Disease: Cigarette Smoke is Far More Than a Triad of 'Tar,' Nicotine, and Carbon Monoxide, in *The FTC Cigarette Test Method for Determining Tar, Nicotine, and Carbon Monoxide Yields of U.S. Cigarettes: Report of the NCI Expert Committee*. Smoking and Tobacco Control Monograph No. 7, Bethesda, MD: National Cancer Institute, 1996, pp. 59–70 [book chapter]

 Smoking and Health (Continued)

Harris JE. A Working Model for Predicting the Consumption and Revenue Impacts of Large Increases in the U.S. Federal Cigarette Excise Tax, *National Bureau of Economic Research Working Paper* No. 4803, July 1994 [preprint]

Harris JE. Overview and Major Considerations in the Toxicity Testing of Low Ignition-Potential Cigarettes, in: *Toxicity Testing Plan for Low Ignition-Potential Cigarettes*. Vol. 5 of Final Report: Fire Safe Cigarette Act of 1990. Washington D.C.: U.S. Consumer Product Safety Commission, August 1993 [book chapter]

Harris JE. *The Health Care Costs of Cigarette Smoking*. Testimony Before the Committee on Ways and Means, U.S. House of Representatives, Washington, D.C., November 18, 1993 [[invited testimony](#)]

Harris JE, Cigarettes Can Take a Substantial Tax. *New York Times*, July 11, 1993 [letter]

Harris JE. Two Bucks Will Finance Health Care for 10 Million. *New York Times*, June 4, 1993 [op-ed]

Harris JE. Trends in Smoking-Attributable Mortality, in: *Reducing the Health Consequences of Smoking, 25 Years of Progress: A Report of the Surgeon General*. Washington, D.C.: U.S. Department of Health and Human Services, 1989: 117-169 [[peer-reviewed chapter](#)]

Key chapter in the 25th anniversary Surgeon General's Report on smoking and health, establishing and testing methods to be used to estimate annual smoking-attributable deaths from lung cancer and other diseases in the United States.

Harris JE, Who Should Profit from Cigarettes? (editorial), *New York Times, Sunday Business Forum*, March 15, 1987 [op-ed]

Harris JE. The 1983 Increase in the Federal Excise Tax on Cigarettes, in Lawrence Summers, ed., *Tax Policy and the Economy* 1987; 1: 87-111 [[book chapter](#)]

Widely cited study of the coordination of oligopoly price increases by major cigarette manufacturers after the passage of an increase in the federal excise tax in 1983.

Harris JE. On the Fairness of Cigarette Excise Taxation, in *The Cigarette Excise Tax*. Cambridge, Mass.: Harvard University, 1985: 106-111 [book chapter]

Harris JE. More Data on Tax Policy, in: Dean R. Gerstein, ed., *Toward the Prevention of Alcohol Problems*. Washington, D.C.: National Academy Press, 1984: 33-38 [book chapter]

Harris JE. Cigarette Smoking Among Successive Birth Cohorts of Men and Women in the United States During 1900-80, *Journal of the National Cancer Institute* 1983; 71: 473-79 [[peer reviewed](#)]

Key study establishing how to use data from contemporary smoking surveys to estimate the past smoking histories of successive generations and to correlate those histories with lung cancer rates.

Harris JE. Increasing the Federal Excise Tax on Cigarettes, *Journal of Health Economics* 1982; 1: 117-20 [peer-reviewed opinion]

Harris JE, DuMouchel WH. Nonsmoking Wives of Heavy Smokers Have a Higher Risk of Lung Cancer (letter), *British Medical Journal* 1981; 283: 915 [letter]

 Smoking and Health (Continued)

Harris JE. Taxing Tar and Nicotine, *American Economic Review* 1980; 70: 300-11 [[peer reviewed](#)]

Key paper creating a framework for economists to analyze the benefits and costs of tobacco control policies.

Harris JE. Public Policy Issues in the Promotion of Less Hazardous Cigarettes, in Gio Gori and Fred Bock, eds., *A Safe Cigarette? Banbury Report 3*. Cold Spring Harbor, N.Y.: Cold Spring Harbor Laboratory, 1980: 333-40 [book chapter]

Harris JE. Patterns of Cigarette Smoking, in *The Health Consequences of Smoking for Women, A Report of the Surgeon General*. Washington, D.C.: U.S. Department of Health and Human Services, 1980: 15-42 [peer-reviewed chapter]

Harris JE. Cigarette Smoking and the Decline in Coronary Heart Disease Mortality, in Richard Havlik and Manning Feinleib, eds., *Proceedings of the Conference on the Decline in Coronary Heart Disease Mortality*. Washington, D.C.: National Institutes of Health, 1979: 212-14 [book chapter]

Harris JE. Cigarette Smoking in the United States, 1950-1978, in *Smoking and Health, A Report of the Surgeon General*. Washington, D.C.: U.S. Department of Health, Education, and Welfare, 1979: A1-A29 [[peer-reviewed chapter](#)]

Precedent-setting chapter in the 1979 Surgeon General's Report, reviewing for the first time the evidence on the effects of various public policies on cigarette smoking rates.

Harris JE. Les adultes fumant des cigarettes aux États-Unis avaient été sensibles aux messages concernant les effets du tabagisme sur la santé. in: *Colloque Bernard Gregory: Science et Decision*. Paris: CNRS, 1978; pp. 17-18 [book chapter]

 HIV/AIDS

Harris JE. ¿Por qué no tenemos una vacuna contra el VIH? La ciencia versus la economía. Facultad de Ciencias Sociales, Universidad de la República, Montevideo, Uruguay, December 6, 2011 [presentation]

Harris JE. ¿Por qué no tenemos una vacuna contra el VIH? Y como podemos desarrollar una. Universitat Pompeu Fabra, Centre de Recerca en Economia i Salut, Barcelona, December 2, 2009 [presentation]

Harris JE. ¿Por qué no tenemos una vacuna contra el VIH? Y como podemos desarrollar una. 10º Aniversario de la Revista Gestión Clínica y Sanitaria, Madrid, November 30, 2009 [presentation]

Harris JE. Why We Don't Have an HIV Vaccine and How We Can Develop One. *Health Affairs* 2009; 28:1642-54 [[peer reviewed](#)]

Path-breaking paper contending that the development of an HIV vaccine was as much an economic as a scientific problem.

Harris JE. ¿Por qué no hemos desarrollado una vacuna contra el SIDA? *Instituto Costarricense de Investigación y Enseñanza en Nutrición y Salud (INCIENSA)*, Tres Ríos, Costa Rica, January 29, 2008 [presentation]

HIV/AIDS (Continued)

Bautista-Arredondo S, Gadsden P, Harris JE, Bertozzi SM. Optimizing Resource Allocation for HIV/AIDS Prevention Programs: An Analytical Framework. *AIDS* 2008; 22(suppl 2):S1-S8 [peer reviewed]

Harris JE. El SIDA y la Economía de la Salud: Dos Preguntas, Miles de Respuestas. *Masters Program in Health Economics and Health Care Management, University of La Laguna, Tenerife, Spain, January 25, 2007* [presentation]

Harris JE. ¿Qué ventaja tiene la carga viral sobre el recuento de células CD4 en el manejo de VIH? ¿Vale el costo adicional en los entornos con recursos limitados? *Residency Program in Internal Medicine, Pontificia Universidad Católica Madre y Maestra, Hospital Cabral y Báez, Santiago, Dominican Republic, June 21, 2006* [presentation]

One of two presentations in Spanish to the internal medicine residency program at the Pontifical University and to medical students at the Technical University of Santiago in the Dominican Republic on the use of highly active antiretroviral therapy in an economic environment with limited resources to test and manage patients.

Harris JE. ¿Qué ventaja tiene la carga viral sobre el recuento de células CD4 en el manejo de VIH? ¿Vale el costo adicional en los entornos con recursos limitados? *Escuela de Medicina, Universidad Tecnológica de Santiago, Santiago, Dominican Republic, June 21, 2006* [presentation]

Selected Public Service, Honors and Awards

Fulbright Specialist Award, J. William Fulbright Foreign Scholarship Board, Bureau of
 Education and Cultural Affairs of the U.S. Department of State, 2011.

Huésped Distinguido (Distinguished Guest and Honorary Citizen), City of Salamanca, Spain,
 May 2008.

Member, Institute of Medicine Committee on Reducing Tobacco Use, 2004–2007.

Member, Committee on Risk Characterization, National Academy of Sciences, 1994–1996.

Member, National Advisory Research Resources Council, National Institutes of Health, 1991–
 1994.

Member, Committee on National Strategies toward Acquired Immunodeficiency Syndrome
 (AIDS), National Academy of Sciences, Institute of Medicine, 1986.

Member, Committee to Study the Prevention of Low Birthweight, Institute of Medicine,
 National Academy of Sciences, 1983–1985.

Research Associate, National Bureau of Economic Research, 1981–

Member, Diesel Impacts Study Committee, Analytic Panel, National Academy of Sciences,
 1980–1981.

Research Career Development Award, U.S. Public Health Service, 1980–1985.

Consulting Scientific Editor, Contributor, and Senior Reviewer, U.S. Surgeon General's Reports
 on Smoking and Health, 1979–1983, 1986, 1988, 1989, 1996.

Physician Member, Massachusetts Board of Registration and Discipline in Medicine, 1978–
 1980.

Additional public service, honors, awards, and professional experience available on request.
